

Handheld Terminal Display Unit With Windows Interface

S80007

- 5-way navigation button with scroll dial
- Voice record button for convenient note-taking
 - Touch sensitive display
 - Event notification

The handheld terminal is a combination of affordability and lightweight design. It is powered by an Intel® Xscale™ processor and equipped with 32 MB SDRAM and 32 MB Intel® StrataFlash® ROM. The device comes with Microsoft® Windows Mobile™ 2003 Software for Pocket PC, and is pre-installed with familiar applications, like Pocket Word and Pocket Excel to help maximize productivity. The device includes an integrated SDIO (Secure Digital with 4 bits IO) slot for expansion cards: Wi-Fi®, Bluetooth, and more.
